Several ladies of the Heywood Club gave Miss Florence and Mrs. Elmer Buck a surprise in the form of a May basket. The club as a whole gave Miss Florence a nice basket of fruit and several individual members carried her some little remembrances to help pass away the time, while she is unable to walk. They also carried ice cream and cake, which was served, and a pleasant social afternoon was enjoyed by all. Miss Buck had the misfortune to break her hip some time ago and has been in the C. M. G. Hospital for nearly two months. She has just recently returned to her home and is slowly improving.

The Milletville school has the honor of being a 100 per cent perfect six point school, we notice. This school, as always, in the past 15 years, is small, having an enrollment of only five pupils. However, they are doing some good work in the classroom and in the recent "Child Health May Day Party" all won six point certificates and buttons. They also had a number on the program.

Friends of Mrs. Eunice Marston were saddened at the news of her sudden death. She is one whom everyone will miss, as she was always ready to help a friend in need.

Work has begun on the Meadow bridge below Rust Jackson's. Several trucks and teams are hauling rocks to make a fill for the water hole. Two big culverts have been put in and the brook opened up to drain off the surplus water. We hope this will prove a permanent job as it has always been a bad place.
